Mrs. Logan T. Davis died suddenly from heart disease last night about 9:30 o'clock at her home, 314 Twenty-seventh street. Mrs. Davis was at supper with her family. She was in excellent spirits and seemed well until she retired to her room for the night, when she was stricken. Several physicians were summoned, but death came before any of them reached the patient's bedside.

Mrs. Davis is survived by her husband, Mr. Logan T. Davis, and seven children: Mrs. A. V. Dillon, Mrs. E. C. Skinner, Mrs. Allan H. Davis, Mrs. Louise Frazier, Misses Leola Henly Davis, Elizabeth B. Davis and Grace Logan Davis. She is also survived by three sisters and two brothers, all of Williamsburg.

Brief funeral services will be conducted at the residence tomorrow morning at 5:30 o'clock by Rev. W. Aubrey Christian, pastor of Trinity Methodist church. The body will be taken to Williamsburg on the 10:05 o'clock train for interment.

Mrs. Davis had lived here with her family for the past 17 years. She had a wide circle of friends, to whom the news of her death will come as a shock.

NEW TRIAL FOR WATERMAN.

Judge Barham Set Aside Verdict of the Jury Imposing Imprisonment.

In the Corporation Court yesterday Judge Barham granted a new trial to Dan Waterman, who was found guilty of manslaughter and given two years in the penitentiary at the last term of court. The motion of Attorney C. C. Mitchell to set aside the verdict and grant a new trial was sustained, principally on account of certain testimony admitted during the former trial.

It was probable that Waterman will be tried again during the next term of the court, which will be a regular criminal term.

Waterman was convicted of killing Theodore Helmer in a brawl in a Huntington avenue saloon.

Six teams have entered this tournament and doubleheaders will be played every Thursday night until the tournament closes about the first of April.

THEATRICAL

Those who gathered at the Academy of Music yesterday afternoon and last night, and the matinee audience was a large one—saw one of the poorest attractions that have been offered in Newport News this season. The piece produced was "On Parade," but if the author, Louis Evan Shipman, had been present he would have had some difficulty in recognizing his play.

BLAZE IN DYE WORKS

Jefferson Avenue Establishment Practically Destroyed.

ADJOINING PROPERTY IN DANGER

Fire Had Gained Considerable Headway Before an Alarm Was Turned In, But Firemen Succeeded in Confining it to the Building.

Fire which broke out shortly before 10 o'clock last night, practically destroyed the dye works of J. J. Brooks, a negro, at 2402 Jefferson avenue, and did considerable damage to the building. The fire started in the dye shop, but the cause is not known.

An alarm was sent in to the department and the La France Engine Company No. 2 quickly responded. When the firemen reached the scene, however, the flames had gained considerable headway and they had a hard battle to keep the fire from spreading to adjoining buildings.

The damage probably will amount to between one and two thousand dollars.

"UNFAIR LIST" MEN MAY ACT.

Union District Also Concerned Suits Against Members.

WASHINGTON, D. C., Feb. 5.—As a result of the sweeping anti-boycott decision by the Supreme Court of the United States, a movement has already been started among manufacturers who are represented on the "unfair list" of the American Federation of Labor to petition President Roosevelt for relief.

Daniel Davenport, one of the attorneys for Loewe & Co., of Danbury, Conn., the complainant in the case decided yesterday, is authority for the statement that the matter will be brought to the President's attention in the near future. He points to the paragraph in the recent special message to Congress, in which the President declared that he would enforce the law against labor unions as quickly as against the big corporations.

Should the law as interpreted by the Supreme Court be enforced to its limit against the American Federation of Labor, that organization would be well nigh wrecked. In the Danbury case alone damages to the extent of \$50,000 was claimed against the Hatters' Union, and pending adjudication \$180,000 worth of property owned by individual members has been tied up by attachment proceedings. As a result, some of the members will lose their homes and all their savings.

HYDROPHOBIA FEARED IN MILK.

Whole Family Takes Pasteur Treatment as a Precaution.

CHICAGO, Feb. 5.—A family of 12 arrived here today to take the first Pasteur treatment. They believe that they are in danger of hydrophobia from drinking milk of a cow which had the disease and was killed one week ago.

The family is that of James Gellatly of Hamilton county, Nebraska, and includes himself and his wife, nine children and the mother of Mrs. Gellatly.

The cow was bitten three weeks ago by a rabid dog. A few days later a mule and a horse owned by Mr. Gellatly were found to have hydrophobia and were killed. The family used the milk for several days before they knew that the cow also had the disease.

As soon as Gellatly became aware of the situation he brought his entire family to Chicago. None of them has as yet developed symptoms.

HARD TO GET TAX FROM JOHN D.

County Treasurer A Year Collecting Bill for \$89.57.

CLEVELAND, Feb. 5.—John D. Rockefeller has saved the contents of his stable at Forest Hill from the ruthless grasp of the delinquent-tax collector.

Treasurer Madigan Let It Be Known

today, when the Sheriff's sale of property for taxes were advertised, that the Oil King had come forward with the \$89.57 for which the treasurer's office had been working more than a year.

The treasurer announced some weeks ago that harness, carriages and perhaps an automobile would be seized and offered to the highest bidder if the world's richest man failed to pay the county the modest sum it seemed impossible to collect through countless notices.

RHEA HEARING WILL BE DELAYED SEVERAL DAYS

Important Witnesses Fail to Reach Richmond—Majority of Committee Now Favor Acquittal.

(Special to The Daily Press) RICHMOND, VA., Feb. 5.—Neither Captain Joslin nor Captain G. C. Gent, the last of the witnesses summoned by the prosecution in the investigation of Judge William F. Rhea had reached the city up to 10 o'clock tonight, and Chairman West of the committee stated that their absence would delay the hearing perhaps several days and probably until next week.

It is currently reported here that Captain Gent, from whom the prosecution expects to prove the existence of a "fake hall" in Bristol, at the time he Scott county hall was used, would not be able to be present, and in this event the effort will be made to have his depositions at a former investigation of Judge Rhea's character put into the evidence.

The general sentiment in connection with the case is that the majority of the committee at present favor acquittal even though there are one or perhaps two who will waver from this opinion and present a minority report.

Judge Rhea will remain here until the committee reports.

TAFT ON FIRST BALLOT.

Chairman Taggart and Secretary Woodson Make Prediction.

CHICAGO, Feb. 5.—Secretary of War Taft as the nominee for the presidency on the first ballot is the prediction of the managers of the campaign of the rival party, Chairman Thomas Taggart and Secretary Urey Woodson, who arrived today as advance scouts for the National Democratic Convention in Denver.

"I do not think the President's message will have any effect upon the general political situation," said Mr. Taggart. "He had nothing in his special message that was not reiteration. To my mind the message was meant to help Secretary Taft's candidacy."

"The President timed it so that it was sent to Congress the same day chosen by Governor Hughes for his speech in the East. The idea was to keep the President in the center of the stage with Taft by his side and to compel Governor Hughes and his speech to be satisfied with second place in the public attention and in the columns of the newspapers."

"Yes, the Chicago convention will nominate Taft," said Mr. Woodson. "Roosevelt will see to that, if he has to come out here and make a speech from the floor of the convention hall." "To my mind," said Mr. Taggart, "it looks as if the Republicans are to have an out-and-dried time as four years ago. Taft's choice seems to be as much a certainty as your choice of Mr. Bryan."

SUBWAY TO COST \$67,000,000.

New York Public-Service Commission Approves Plan.

NEW YORK, Feb. 5.—As far as the Public Service Commission is concerned the Lexington avenue and Broadway subway plan is finally approved, for the board endorsed it today and passed the whole question along to the board of estimate and apportionment. That body will probably consider it Friday.

Already parts of the route have found favor with the board of estimate. The route of the subway, which will cost about \$67,000,000, is from the Battery on Broadway or adjoining streets to Tenth street, under private property and streets through Irving Place and Lexington avenue to the Harlem river. Crossing the river into the borough of the Bronx the road divides into two branches. One line will go up to Woodlawn Cemetery, while the other branch will run east toward Westchester.

In the resolution passed by the commission was an approval of the connecting cross-town line at Canal street from river to river, which will connect also with the new Manhattan bridge. When that bridge and the Fourth avenue subway in Brooklyn are completed it will be possible to run through trains from the Bronx over the bridge and through the Fourth avenue tunnel to Coney Island. The cost of the cross-town line is estimated at \$7,000,000, making the total cost of the system approved by the commission \$67,000,000.

PRETTY GIRL FIGURES IN MURDER MYSTERY

John H. Wise, of Wardsville Kills George Walker for Attention to His Daughter.

WINCHESTER, VA., Feb. 5.—A mysterious murder was committed yesterday near Wardsville, in Hardy county, W. Va., thirty miles west of Winchester.

John H. Wise, 50 years old, one of the best known citizens of the community stabbed young George Walker to death, following a conversation between the two men.

Wise was arrested and is now in jail at Moorefield. He claims the stabbing was an accident, but several eye-witnesses declare that it was a deliberate murder.

The cause of the tragedy has not been clearly established, but for some time past Walker has been very attentive to Wise's daughter, a pretty girl, and it is believed that a quarrel about the girl led to the stabbing.

Up to the time of the murder relations between Wise and Walker had been amicable. Wise has been committed to jail for the action of the grand jury. Walker was thirty years old and was popular.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

A dynamite bomb was exploded today under the general store of Samuel Letsovic, at Export, near here, demolishing the building and causing a fire which damaged adjoining property to the extent of \$16,000. Recently Letsovic received threatening letters from an alleged Black Hand Society the authorities believe the outrage can be traced to this source.

ROOSEVELT TAKES A HAND.

Lets Postmasters in Michigan District Know His Choice.

ANN ARBOR, MICH., Feb. 5.—President Roosevelt has taken a hand in the Michigan political situation and has intimated to the postmasters of Congressmen Chas. E. Townsend's district that he would like to see the Jackson man sent to the Republican National Convention.

Postmaster Prettyman, of Ann Arbor, is among those to whom this intimation has come. He is understood to have already started quiet work among the Republicans. In what form Roosevelt's desire was communicated to the postmasters cannot be learned.

Mr. Prettyman and his assistant are mum about the matter, indicating that the need of secrecy was impressed upon them. Roosevelt's wish, however, has been communicated to members of the country committee.
